# Investing in the Future of NY's Community-Based Organizations

Fund Love is offering a limited number of complimentary two-week Opportunity Assessments to qualifying organizations, including health centers, social services organizations, religious institutions, health collaboratives, and others working to improve the health and well-being of those living and working in New York.

## OUR APPROACH TO THE OPPORTUNITY ASSESSMENT

With this offering, we aim to equip you with top-tier consulting services as you work to overcome the financial and operational impacts of COVID-19 and position for the future.

As an extension of your team, we will spend two-weeks with your organization, analyzing key data and identifying specific, actionable opportunities that emphasize financial recovery, risk mitigation, and short-term growth.

We will provide action plans for each high impact opportunity, based on feasibility and financial analyses that highlight returns on investment (ROI) in terms of social impact and financial benefit.

With this information and analysis your team will be positioned to drive immediate improvements and make the necessary strategic adjustments required for your organization to thrive in the year ahead.

## CATALYZE YOUR JOURNEY TO RECOVERY

Deploy  
"Narrow"  
Strategy to  
Accelerate  
Recovery

Validate  
Feasibility,  
Community  
Benefit, and  
ROI

Execute and  
Restore  
Performance  
Excellence

Recast  
Multi-Year  
Plan and  
Position for  
the Future

*Fund Love's staff worked along-side our board and management team, helping us establish a formal strategy and refine our plans to stimulate economic development and improve civic infrastructure. At the same time, they supplemented our grant-seeking efforts and helped us secure important funding.*

- **Shari Suchoff**  
Executive Director, Brooklyn Communities Collaborative

## WHO WE ARE

Fund Love was founded in 2015 to help people live longer, healthier lives. This mission is operationalized through our programming, and through the consulting services that we provide to organizations with similar interests.

Fund Love's consulting services are delivered in collaboration with our affiliate, Lucania Partners, under a shared mission and set of values.

Lucania has supported some of the top leaders and organizations in the country, providing a full range of strategic and organizational capabilities enabling its clients to improve the health and well-being of the populations that they serve.
